It goes without saying that your cat wants only the best ingredients in their [wet food](#) in juuuuust the right amounts. Delicious. Nutritious. More, please.

Cats can't read labels, but you can. Let's peruse the main ingredients we've stocked in the SHEBA® brand pantry — and learn why you should offer them to your cat.

Chicken

It's more than just the taste — as an obligate carnivore, your cat needs meat in their diet. Chicken is an excellent source of protein that's easy to digest and helps them maintain lean, lithe muscles. If your cat loves chicken, try SHEBA® PERFECT PORTIONS™ Premium Paté [Savory Chicken Entrée\(open in new tab\)](#) wet cat food.

Salmon

What cat wouldn't be thrilled to dine on salmon? It's a stellar source of protein and vital omega-3 fatty acids. It also helps keep kitty's coat plush and shiny. Treat your cat to the fishy deliciousness of SHEBA® PERFECT PORTIONS™ [Bistro Salmon in Creamy Sauce\(open in new tab\)](#) Entrée wet cat food.

Beef

This rich protein source is also beefed up with vitamins and minerals like zinc, phosphorus and calcium, just to name a few. Plus niacin and selenium, to name a few more. SHEBA® PERFECT PORTIONS™ Premium Paté [Tender Beef Entrée\(open in new tab\)](#) wet cat food might just be your cat's protein of choice.

Vegetables

Cats need to eat even more meat than dogs do. But including a few select veggies, like carrots and beans, serves up a variety of flavors while subtly adding fiber into your cat's diet. (Shh ... we won't tell them if you don't.) With SHEBA® PERFECT PORTIONS™ [Garden Medleys Chicken, Beef & Vegetables in Gravy](#) wet cat food, veggies never tasted so good.

Organ meats

Your cat is licking their chops just thinking about it. Organ meats provide nutrients not found in muscle protein, and animal livers are one of the most nutrient-dense foods available. You might turn up your nose at liver, but your cat loves it — and will love you for it. Your divine feline won't be able to get enough of the poultry liver in food like SHEBA® PERFECT PORTIONS™ [Cuts in Gravy Savory Mixed Grill\(open in new tab\)](#) Entrée wet food.

Fish oil

The omega-3s in fish oil do more than give your cat that sleek, shiny coat you can't wait to pet — they can also help support their heart and joint health. Fish oil meets white fish, shrimp and more flavors from the sea in SHEBA® PERFECT PORTIONS™ [Bistro Seafood in](#)

[Scampi Sauce](#) Entrée wet cat food.
